# ERRER HILL FARMS ANGUS BEEF

**Phone: (814) 445-4440 / www.errer.com**

**Locally raised beef. Animals born on our farm are with their mothers on pasture until 6 to 7 months of age. After weaning, they remain on pasture and are fed a balanced diet of grain, corn, and hay silage. For 6 months prior to processing, they are fed a balanced diet high in corn to enhance flavor. We do not routinely add any antibiotics to our feed or administer growth hormones.**
